

NEW LIFE THRIFT SHOP

The thrift shop supplements our ministry's support of the many children living in our orphanages. It is run totally by volunteers from our community, which means not one person receives an income. Since we own the building, our expenses are utilities, trash pick-up, and insurance. All proceeds go directly to meeting the needs of the children.

Our utilities average \$220.00 each month. We are asking God to send us someone who will offset these expenses. Would you sponsor a month?
